CELESTITE

Dear Readers,

I hope you are well. I have been swinging between extremes, feeling ecstatic about the art and creativity in one moment, then feeling truly devastated and catatonic.

Working with Celestite I hope to rise above the chaos, both good and bad, to rest among the celestial beings of unconditional love. The soft, sparkling blue of Celestite speaks to gentle consistency of the sky, of expansion, and of clear communication.

And Celestite is a powerful crystal ally for connecting with spirit, especially in the form of the Angels, who act as guardians to us all. May we find what serves us, as I write and you read this week's issue of 52 Facets.

Be Well and Blessed Be!

AN INVOCATION FOR CELESTITE

Lie in the grass and look to the sky, finding a patch of bright blue, free of clouds or worry. Allow your eyes to focus softly on the open space above.

HAIL CELESTITE, Angel stone, crystal of the open sky, transmit the powerful love of the cosmos into my being this day. Shower me with starlit kisses from the first ancestors, the supernovas of creation. Activate my inner starfield so that I may resonate with the greater harmonies of the cosmos. Reveal to me all the spirits, guides, allies, ancestors, angels, and beings who surround me in support from the Heavens, so I may know and feel and understand their abundance. So mote it be!

CONNECTING TO THE STREAM OF WELLBEING

THERE ARE HUNDREDS OF PEOPLE ACROSS THE WORLD CALLING IN BLESSINGS OF PEACE, HEALTH, SAFETY, AND LOVE IN EVERY MOMENT OF EVERY DAY. MOTHERS AND NURSES AND MONKS AND ACTIVISTS AND EVERYDAY PEOPLE BLASTING THE UNIVERSE WITH INTENTIONS OF GOOD AND LOVE. AND FOR EVERYONE OF THOSE LIVING PEOPLE THERE IS AN OCEAN OF ANCESTORS AND ANGELS AMPLIFYING THEIR WISHES.

Take a moment to tap into this powerful web that is vibrating with wellbeing. Find a comfortable and safe place to rest. Close your eyes, and hold a Celestite, or any gentle crystal, in your hands. Breathe deeply and visualize yourself floating up into the wide blue sky where you can see every prayer rising into a grand network. Float across all these wishes as if it were a caressing wave, soaking in nourishment from all the strangers who hold you in health. Rest into receiving this gift of support. Cradle yourself in the vibration for at least five minutes. Once complete return your crystal to a safe place, such as your altar touching it whenever you need a boost of support from the universe.
